Dear Ms. Laurent:

Public Records Act Request Re: Lake Natoma Trail and Access Enhancement Project

California State Parks' (CSP) Legal Office is in receipt of your Public Records Act request, received via email on August 26, 2010. This request is a follow-up to your request dated August 12, 2010 and received in CSP's Legal Office on August 13, 2010. You have now asked for "all documents RECEIVED by State Parks on this project from US Bureau of Reclamation."

CSP has identified 6 pages responsive to your request; however, 2 of these pages are exempt from disclosure pursuant to Government Code section 6254(a) as it is a draft document. The final versions of the documents are enclosed.

Because the responsive records are less than ten (10) pages, CSP is providing copies without charge as a courtesy to you. Please note that this does not constitute a waiver of CSP's right to charge you for copies in the future.

If you have any questions, I can be reached at (916) 651-6728.

Sincerely,

A handwritten signature in blue ink that reads "Jennifer C. Comilang".
